ExtUtils::testlib(3perl) Perl Programmers Reference Guide ExtUtils::testlib(3perl)

**NAME**

ExtUtils::testlib - add blib/\* directories to @INC

**SYNOPSIS**

```
use ExtUtils::testlib;
```

**DESCRIPTION**

After an extension has been built and before it is installed it may be desirable to test it bypassing "make test". By adding

```
use ExtUtils::testlib;
```

to a test program the intermediate directories used by "make" are added to @INC.

perl v5.34.0
