Locale::Maketext::Guts(3perl) Perl Programmers Reference Guide Locale::Maketext::Guts(3perl)

NAME

Locale::Maketext::Guts - Deprecated module to load Locale::Maketext utf8 code

SYNOPSIS

```
# Do this instead please  
use Locale::Maketext
```

DESCRIPTION

Previously Local::Maketext::GutsLoader performed some magic to load Locale::Maketext when utf8 was unavailable. The subs this module provided were merged back into Locale::Maketext

perl v5.34.0
