***Rocky Enterprise Linux 9.2 Manual Pages on command 'dpkg.cfg.5'***

**\$ man dpkg.cfg.5**

dpkg.cfg(5) dpkg suite dpkg.cfg(5)

#### NAME

dpkg.cfg - dpkg configuration file

#### DESCRIPTION

This file contains default options for dpkg. Each line contains a single option which is exactly the same as a normal command line option for dpkg except for the leading hyphens which are not used here. Quotes surrounding option values are stripped. Comments are allowed by starting a line with a hash sign (?#?).

#### FILES

/etc/dpkg/dpkg.cfg.d/[0-9a-zA-Z\_-]\*  
/etc/dpkg/dpkg.cfg  
~/.dpkg.cfg
