## Rocky Enterprise Linux 9.2 Manual Pages on command 'podman-attach.1'

**$ man podman-attach.1**

podman-attach(1)()                                                   podman-attach(1)()

NAME

    podman-attach - Attach to a running container

SYNOPSIS

    podman attach [options] container

    podman container attach [options] container

DESCRIPTION

    podman  attach attaches to a running container using the container's name or ID, to either

    view its ongoing output or to control it interactively.

    The container can detached from (and leave it running) using a configurable key  sequence.

    The default sequence is ctrl-p,ctrl-q. Configure the keys sequence using the --detach-keys

    OPTION, or specifying it in the containers.conf file: see containers.conf(5) for more  in?

    formation.

OPTIONS

  --detach-keys=sequence

    Specify  the key sequence for detaching a container. Format is a single character [a-Z] or

    one or more ctrl-<value> characters where <value> is one of: a-z, @, ^, [, , or _.  Speci?

    fying "" will disable this feature.

    The default is ctrl-p,ctrl-q.

  --latest, -l

    Instead  of  providing  the container ID or name, use the last created container. If other

    methods than Podman are used to run containers such as CRI-O, the last  started  container

    could be from either of those methods.

The default is false.

IMPORTANT:  This  OPTION  is not available with the remote Podman client. This OPTION does

not need a container name or ID as input argument.

--no-stdin

Do not attach STDIN. The default is false.

--sig-proxy

Proxy received signals to the process (non-TTY mode only). SIGCHLD, SIGSTOP,  and  SIGKILL

are not proxied.

The default is true.

## EXAMPLES

Attach to a container called "foobar".

    $ podman attach foobar

Attach to the latest created container.

    $ podman attach --latest

Attach to a container that start with the ID "1234".

    $ podman attach 1234

Attach to a container without attaching STDIN.

    $ podman attach --no-stdin foobar
