C:\>man dpkg.cfg.5

dpkg.cfg(5) dpkg suite dpkg.cfg(5)

NAME

dpkg.cfg - dpkg configuration file

DESCRIPTION

This file contains default options for dpkg. Each line contains a single option which is exactly the same as a normal command line option for dpkg except for the leading hyphens which are not used here. Quotes surrounding option values are stripped. Comments are allowed by starting a line with a hash sign (##?).

FILES

/etc/dpkg/dpkg.cfg.d/[0-9a-zA-Z_-]*
