

Rocky Enterprise Linux 9.2 Manual Pages on command 'git-update-server-info.1'

C:\>man git-update-server-info.1

GIT-UPDATE-SERVER()

GIT-UPDATE-SERVER()

NAME

git-update-server-info - Update auxiliary info file to help dumb servers

SYNOPSIS

git update-server-info

DESCRIPTION

A dumb server that does not do on-the-fly pack generations must have some auxiliary information files in `$GIT_DIR/info` and `$GIT_OBJECT_DIRECTORY/info` directories to help clients discover what references and packs the server has. This command generates such auxiliary files.

OUTPUT

Currently the command updates the following files. Please see `gitrepository-layout(5)` for description of what they are for:

? `objects/info/packs`

? `info/refs`

GIT

Part of the `git(1)` suite
