NAME

i2d_CMS_bio_stream - output CMS_ContentInfo structure in BER format

SYNOPSIS

```
#include <openssl/cms.h>
```

```
int i2d_CMS_bio_stream(BIO *out, CMS_ContentInfo *cms, BIO *data, int flags);
```

DESCRIPTION

i2d_CMS_bio_stream() outputs a CMS_ContentInfo structure in BER format.

It is otherwise identical to the function SMIME_write_CMS().

NOTES

This function is effectively a version of the i2d_CMS_bio() supporting streaming.

BUGS

The prefix "i2d" is arguably wrong because the function outputs BER format.

RETURN VALUES

i2d_CMS_bio_stream() returns 1 for success or 0 for failure.
