Red Hat Enterprise Linux Release 9.2 Manual Pages on 'lid.1' command

$ man lid.1

lid(1)   General Commands Manual   lid(1)

NAME

    lid - Display user's groups or group's users

SYNOPSIS

    lid [OPTION]... [name]

DESCRIPTION

    Displays information about groups containing user name, or users con?

    tained in group name.

    By default lid lists groups containing user name, or groups containing

    the invoking user if name is not specified; the mode of operation can

    be changed using the -g option.

OPTIONS

    -g, --group

        List users in a group name, or in the invoking user's primary

        group if name is not specified.

    -i, --interactive

        Ask all questions when connecting to the user database, even if

        default answers are set up in libuser configuration.

    -n, --onlynames

        List only group or user names. By default the corresponging

        user or group IDs are listed too.

EXIT STATUS

    The exit status is 0 on success, 1 on error.
