

Rocky Enterprise Linux 9.2 Manual Pages on command 'bundle-clean.1'

\$ man bundle-clean.1

BUNDLE-CLEAN(1) BUNDLE-CLEAN(1)

NAME

bundle-clean - Cleans up unused gems in your bundler directory

SYNOPSIS

bundle clean [--dry-run] [--force]

DESCRIPTION

This command will remove all unused gems in your bundler directory.

This is useful when you have made many changes to your gem dependencies.

OPTIONS

--dry-run

Print the changes, but do not clean the unused gems.

--force

Force a clean even if --path is not set.

December 2021 BUNDLE-CLEAN(1)
