

NAME

Font::TTF::Sill – Graphite language mapping table

DESCRIPTION**INSTANCE VARIABLES**

`version`

Table version number.

`langs`

Contains a hash where the key is the language id and the value is an array of language records

Language Records

Each language record is itself an array of two values [fid, val]. fid is the feature id and is held as a long.

`$t->minsize()`

Returns the minimum size this table can be. If it is smaller than this, then the table must be bad and should be deleted or whatever.
