SEE ALSO

The complete GNU mailutils documentation is maintained as a Texinfo manual. If the mailu?

tils-doc package is installed, the command

`info mailutils`

should give you access to the complete manual.

You can also find this manual online in the GNU mailutils webpage:

<https://www.gnu.org/software/mailutils/manual/index.html>.

Please note this manpage was automatically generated by the Debian mailutils packagers. Do not file bugs for its content to the GNU Mailutils upstream authors.
