

Linux Ubuntu 26.04 Manual Pages on command 'gtk4-query-settings.1'

\$ man gtk4-query-settings.1

gtk4-query-settings(1) GTK commands gtk4-query-settings(1)

Name

gtk4-query-settings - Print name and value of GTK settings

SYNOPSIS

gtk4-query-settings [PATTERN]

DESCRIPTION

gtk4-query-settings prints both name and value of all properties available in the GtkSettings class. Optionally, you can filter which properties to list by specifying a PATTERN.

GTK gtk4-query-settings(1)
