

Linux Ubuntu 26.04 Manual Pages on command 'tap-mocha-reporter.1'

\$ man tap-mocha-reporter.1

tap-mocha-reporter(1) tap-mocha-reporter 5.0.4+~2.1.0 tap-mocha-reporter(1)

NAME

tap-mocha-reporter - format output of tap using mocha like reporter

SYNOPSIS

tap-mocha-reporter { --help | reporter }

DESCRIPTION

Reads TAP data on stdin, and formats to stdout using the specified reporter. (Note that some reporters write to files instead of stdout.)

OPTIONS

Available reporter format types are:

? classic

? doc

? dot

? dump

? json

? jsonstream

? landing

? list

? markdown

? min

? nyan

? progress

? silent

? spec

? tap

? xunit
