TinySPARQL manual

TINYSPARQL-IMPORT(1)

NAME

tinysparql-import - Import data into a TinySPARQL database.

SYNOPSIS

tinysparql import FILE.ttl

DESCRIPTION

tinysparql import imports data into a TinySPARQL database.

The data must conform to the existing ontology of the database.

The data must be in Turtle format. You can use a tool such as rapper(1) to convert the data from other formats to Turtle.
