COMPUTER BASICS · TOPIC 10

Companies That Hire: Remote and On-Site Jobs

IN THIS VIDEO

1. FREELANCE PLATFORMS
2. REMOTE JOBS
3. BIG & LOCAL EMPLOYERS

PART 1 · FREELANCE PLATFORMS

Work for the world from your home

Start with freelance platforms

Freelance Platforms

Upwork	Freelance projects of all sizes
Fiverr	Sell your skills as services
Toptal	Top freelancers — strict tests
Freelancer.com	Bid on projects

Check Before You Start

Make sure the platform works in your country and that you can receive payments there.

REMEMBER

Your first client can be anywhere

NEXT PART

Remote job boards and companies

MyWebUniversity.com

PART 2 · REMOTE JOBS

Full-time jobs, fully remote

Where to find them

Remote Job Boards

LinkedIn Jobs — Filter by "Remote"

We Work Remotely — Remote-only job board

Remote OK — Tech and non-tech remote jobs

Wellfound — Jobs at startups

Known for Remote Hiring

GitLab

Automattic

Zapier

Canonical

REMEMBER

Check each careers page for open roles

NEXT PART

Big employers and local jobs

Follow @MyWebUniversity

PART 3 · BIG & LOCAL EMPLOYERS

On-site jobs are still everywhere

Big companies and local employers

Large Tech Employers

Microsoft

Amazon

Google

IBM

Accenture

Infosys / TCS

Local Jobs That Need Computer Skills

Banks	IT, data, and office roles
Telecom companies	Networks and support
NGOs and UN agencies	IT, data, admin
Schools and hospitals	IT support and records

REMEMBER

Skills open doors — remote and local
