Al-Khwarizmi

Muhammad ibn Musa al-Khwarizmi

Renowned 9th-Century Mathematician & Philosopher

If a person has morals = **1**

If also beautiful, add a zero = **10**

If also wealthy, add another zero = **100**

If also from a great family, add one more zero = **1,000**

---

*But remove the one — **morals** — and all that remains are zeros, worth nothing.*

— Allama Al-Khwarizmi

"Ethics is a person's true capital; without it, everything remains zero.
